Waterbury, Vermont 05671-1010

2. PRICING DETAILS

The State and Contractor acknowledge that surges in demand for customer service during this contract period may require CSR station capacity in excess of the current 118 seats in Vermont in order to maintain expected service level agreements. The Contractor and the State will meet no less than monthly to review and approve the call forecast developed by the Contractor for the current and upcoming calendar quarter. The State will provide the necessary inputs required to prepare this forecast including things such as planned media and other events, consumer outreach efforts, application/enrollment periods, new systems functionality and/or changes to state programs and policies.

Using the forecast results, Contractor shall develop a plan to address any need for additional capacity beyond the 118 seats in Vermont. The plan, to be approved by the State, may consider:

- A. The expected duration of the need for additional capacity.
- B. The time required to recruit, hire, and train additional CSRs including the time necessary to provision users to access the necessary state systems and complete State required background checks, either in the Burlington VT location or at another overflow call center location.
- C. The State's preference is to limit the use of out-of-state CSRs to the extent possible
- D. Any adjustments to SLAs necessary based on the expected timing and size of the surge in demand.
- E. The occupancy rate for agents. The Contractor will target an Occupancy Rate of seventy (70%) percent to the extent possible based on systems availability as a trigger to indicate the need to review capacity constraints of the Burlington site. The average CSR Occupancy Rate for this purpose is defined as the percentage of CSR talk time minutes per hour divided by the amount of CSR hours scheduled to be taking calls.

Upon approval of the Contractor's expansion plan and budget by the State, the Contractor will expand to meet the approved number of additional stations at the Vermont site and/or the use of a non-Vermont based overflow call center.

The State may elect to use the non-Vermont based overflow call center services. The cost shall be reimbursed at a flat rate per station per month to cover rent, electric, voice circuits, data lines, maintenance, equipment depreciation, and management staff costs. Per minute costs based on actual talk minutes completed by overflow call center agents will be reimbursed at the same rate as the Vermont site. The state will provide at least a six (6) week lead time for the Contractor to execute this effort.

Invoicing totals for partial months use of the non-Vermont overflow stations will be prorated against the monthly per station cost of \$581.07.

The State may elect to have the Contractor add up to 59 additional stations plus 6 Supervisory stations to a Vermont site at a cost of \$4,988.90 per CSR station and \$5,506.67 per supervisory station. The State will provide a minimum of eight (8) weeks lead time for the Contractor to execute this expansion effort.

Contractor defines a talk time cost per minute labor rate of \$0.912. Talk time is defined as the number of seconds a live agent is connected on the telephone with a customer. This rate shall include the following: overhead costs and profit margin, long distance charges, direct compensation for CSRs, Supervisors, QA/Training Personnel, training, taxes, and fringe.

In addition to fixed costs, the State agrees to pay the Contractor variable costs associated with this Contract based on variable rates set forth above.

3. TIME AND MATERIALS

Time and Materials, based on Non Phone Related Services Rate Table 1.

Upon the State's acceptance of the deliverables and work identified above in Section 1 (Scope of Work for Non-Phone Related Services), the Contractor shall submit an invoice to the State with the regular monthly invoice. The invoice shall include the number of workers by category set forth in Non-Phone Related Services Rate Table 1 of this Attachment B and number of hours by week for time period billed, the number of completed paper applications. The State will pay the invoice in accordance with the payment provisions set forth in this Attachment B.

Performance Standards

In the event that the Contractor fails to meet the performance standards for paper application processing in any given week, the Contractor shall provide a remediation plan within five business days which details how the Contractor will meet the performance standards. The Contractor will take the necessary actions to increase and maintain performance standards to the required benchmark level within one week of submitting the remediation plan to the State.

Paper Application Performance Standards:

- Average completion rate of 1 hour per CSR non-training hour

Contractor acknowledges and agrees that should Contractor fail to meet the performance standards by more than twenty (20%) percent in any given week during the course of this work, the State shall be entitled to withhold 10% of the amount invoiced for that period.

Should the Contractor fail to improve the performance standards after implementing the remediation plan, the State may, in its sole discretion, terminate Contractor's paper application processing.

The State and Contractor acknowledge that situations beyond the Contractor's control may impact the ability to meet the expected Application performance standards set forth in Attachment A, including protracted VHC system slowness, or provisioning of Contractor's staff for access to VHC systems. Contractor shall provide written notice to the State of any such situations. In the event Contractor fails to promptly notify the State of the existence of situations beyond its control, Contractor shall remain responsible for all applicable performance standards.

Based on documentation of above variables that may affect the Contractor's ability to meet performance standards, the State may agree to waive the 10% retained for failure to meet the performance standards for the invoice period.

4. RETAINAGE, INCENTIVES, PAYMENT DISCOUNTS CURES

A. Retainage

In regard to the performance measures outlined in Attachment A, the Contractor agrees to an 8% retainage of the total Contract for the duration of the Contract. Such retainage will be withheld from each monthly payment. The Contractor can submit an invoice to the State for the retainage at the end of each State Fiscal Year, and the State will have thirty (30) days after submission of the retainage invoice to dispute the invoice including, but not limited to any Payment Discounts. The retainage invoice will reflect any Payment Discounts as defined in Attachment B, number 3, section 1.

B. Incentives

The Contractor will remain eligible to receive the portion of the monthly payment classified as an incentive payment if all of the standards for the incentive payment are met. The State will pay an additional monthly incentive of \$55,000 for each month during which the following two Telephone Response Standards are both met:

- 75% of calls for the month are answered by a live agent within 25 seconds after leaving the IVR
- Calls abandoned for the month after leaving the IVR are less than 5%

These conditions will be documented by call detail reports from the phone system, and submitted with the monthly invoice.

C. Payment Discounts

i. Telephone Response Standards:

Payment Discounts to be due the State for Contractor's failure to answer with a live agent a minimum of 60% of calls within 25 seconds within a given month, will result in a Payment Discount of \$27,500 for the month, not to exceed \$330,000 for a year.

If a monthly Service Level of answering between 60% and 74.9% of calls with a live agent within 25 seconds is met, there is no Payment Discount or Incentive Payment.

ii. Mailing, Enrollment, Data Transfers:

The Contractor must meet and document all of the minimum standards for mailing, enrollment, and data transferred to the State as defined in Attachment A, Paragraph 19, Section A. In the event that the Contractor fails to meet the foregoing performance standards for Mailing, Enrollment and Data Transfers, the Contractor shall award the State a discount for providing service levels which are not consistent with the

Contractor's obligations as set forth herein, and may be assessed up to \$1,000.00 as determined by the State per standard during each month a standard is not met.

iii. Reporting:

The Contractor must meet and document all of the minimum standards for financial and informational reports as defined in Attachment A, number 18. In the event that the Contractor fails to meet the foregoing performance standards, the Contractor shall award the State a discount for providing service levels which are not consistent with the Contractor's obligations as set forth herein and may be assessed at \$250.00 per week for each standard that is not met.

iv. Disaster Recovery:

The Contractor must meet and document all of the minimum standards for disaster recovery as defined in Attachment A, Section C. In the event that the Contractor fails to meet the foregoing performance standards, the Contractor shall award the State a discount for failure to develop and define a comprehensive disaster recovery plan consistent with the Contractor's obligations as set forth herein and may be assessed at \$10,000.00 for each day that the notification did not occur.

D. Cures

In the event that the Contractor fails to meet performance standards for Mailing, Enrollment, Data Transfers and Reporting as referenced above, the State will send written notification and designate a period of time, not to be less than ten business days, in which the Contractor must provide a written response to the notification. Such response may include a corrective action plan which, among other things, will propose a cure period. The State shall review the response and either reject or accept the corrective action plan. If rejected, Contractor will propose a modified corrective action plan based on feedback from the State. Once the corrective action plan has been accepted by the State, Contractor will be afforded a reasonable cure implementation period, not less than 20 business days, during which time the Contractor may remedy the issue and return to compliance. Should the Contractor fail to remedy the issue, the State may notify the Contractor of its intent to assess the Payment Discount and the amount of the Payment Discount. All Payment Discounts will be deducted from the Contractor's retainage payments as outlined above.

5. State will remit all payments to:

CONTRACT # 20959A
AMENDMENT # 6

~SFY17	\$	9,650,173
--------	----	-----------

Should parties agree to extend this agreement as defined in Section 5, Contract Term, of this amended and restated agreement, funding for each extension shall be limited as follows:

Fiscal Year 2017: \$9,344,840: (GC funds through 12/2016; 15% State Interdepartmental funds and 85% - 50/50 split Federal and State Funds)

Fiscal Year 2018: \$8,000,000: (15% State Interdepartmental funds, 42.5% Federal and 42.5% State Funds)

Fiscal Year 2019: \$8,520,840

Fiscal Year 2020: \$8,520,840

To the extent new policies, laws or regulations materially increase the scope or cost of Contractor to perform its services then the Contractor shall notify the State in writing and Contractor and the State shall agree upon an equitable adjustment of the payment provisions set forth in Attachment B, Payment Provisions, to this Contract to compensate Contractor for the increased cost. Any such agreement shall require an amendment to this contract. In the event the Parties fail to agree, either party may terminate this contract on 120 days' notice. The State agrees that Contractor will not be assessed liquidated damages or Payment Discounts for failure to meet any service level metric to the extent the failure was caused by the State, CMS, one of the State's other contractors, or any person or entity other than MAXIMUS or as a result of new systems, programs, policies, laws or regulations applicable to Contractor's services.

6. COMPLIANCE WITH OTHER MATERIAL CONTRACT PROVISIONS

The objective of this standard is to provide the State with an administrative procedure to address contract compliance issues which are not specifically defined as performance requirements listed above or for which damages due to noncompliance cannot be quantified in the manner described in Section #7 of this attachment.

In addition to Contractor Compliance reporting, described below, the State may identify contract compliance issues resulting from the Contractor's performance of its responsibilities through routine contract monitoring activities. If this occurs, the DVHA Commissioner or designee will notify the Contractor in writing of the nature of the performance issue.

7. DISPUTE RESOLUTION

(1) General. In the event of any dispute between the parties to this contract, senior managers representing both parties shall meet to resolve the dispute expeditiously and to the mutual satisfaction of the parties. If a resolution cannot be achieved within ten (10) business days the dispute will be escalated to more senior levels of management. Either party may invoke representation by counsel at any point during the negotiation.

(2) Expedited Dispute Resolution. The parties acknowledge and agree that certain disputes of an operational nature require expedited treatment. In such an event, and without limiting the rights of either party under paragraph (1), any such dispute that has not been resolved after five (5) business days of good faith negotiation by the senior management of the parties, will be

escalated immediately to executive level management involving an organizational President or the equivalent.

(3) Root Cause Analysis. In the event of a conflict requiring a determination of relative fault, and the parties have failed to reach agreement in accordance with Sections (1) and (2) above, the parties may agree to perform a root cause analysis to be performed by an independent third party.

This Section shall in no way be deemed to limit the rights of either party to seek all remedies which may be available at law or in equity.

8. OFFSET OF PAYMENT DISCOUNTS FROM RETAINAGE

Payment Discounts the Contractor awards to the State shall be deducted from the end of year retainage invoice and specify the month(s) in which the Contractor demonstrated non-compliance with the Service Levels established herein. If the Contractor wishes to dispute a Payment Discount for any particular month, a written notice of the dispute must be submitted with that month's invoice and the dispute will be reviewed at the end of the year with the retainage invoice.

9. PAYMENT DISPUTE

In order to dispute an invoice, or any part thereof, the State shall, within 60 days of receipt of the invoice, set forth in writing the amount(s) disputed and the specific basis or reason for the dispute, which shall be reasonably detailed and not general or speculative in nature. The State may withhold payment of the disputed amount(s) of the invoice, and shall remit to Contractor the undisputed amount(s), if any, in accordance with the payment provisions established. Contractor shall comply with the invoice submission procedures set forth in Section 1 (Invoicing) of Attachment B.

The Contractor shall respond within 45 days of receiving the Payment Dispute Notice with any requested information or documentation. In the event that a contractor does not act within the response period, the dispute will be resolved in favor of the State.

10. MEMBER SERVICES TRANSITION

Upon nearing the end of the final term of this Contract, and without respect to either the cause or time of such termination, the Contractor shall take all reasonable and prudent measures to facilitate the transition to a successor provider, to the extent required by the State. The Contractor shall, at any time during the six (6) months preceding Contract expiration, provide such information about the Contract services as will be reasonably required by the State and/or the successor for purposes of planning the transition. Upon request by the State, the Contractor shall promptly provide non-proprietary historical records to the State in a mutually acceptable format.

Within no less than 90 days either due to State termination for Contractor's default, Contractor's termination for convenience, or expiration of the contract, the Contractor shall develop and deliver a documented transition plan to enable a reasonable and smooth transition to an alternate service provider; the Contractor and the State shall agree upon the transition plan no later than sixty (60) days prior to the contract termination date, which will detail how the Contractor shall deliver all existing

data and materials not proprietary to Contractor to any new service provider or State entity as requested

Within 120 days of the date of State termination for Contractor's default, Contractor's termination for convenience, or expiration of the contract, and except as otherwise directed by the State, the Contractor shall:

1. Stop work under the Contract on the expiration date, or such earlier date specified in a notice;
2. Perform such knowledge transfer as may be required to allow the services to continue without interruption or adverse effect and to facilitate orderly migration and transfer of the services to the successor provider;
3. Maintain applicable service levels through the date of contract termination and complete performance of such part of the work as shall not have been terminated; and
4. Take such action as may be necessary, or as the State may direct, for the protection, preservation and delivery of data, records, work product, fixtures and personal property related to the performance of services under this Contract which are in the possession of the Contractor and in which the State has or may acquire an interest, including, but not limited to hardware- phone system, phones, computers, monitors, cubicles and office supplies funded by the State pursuant to the terms of the Contract, and to transfer that property to the State or a successor provider.

Upon termination of this Contract, neither party shall have any further obligation to the other party, provided, however, that such termination shall not release the Contractor or the State of its obligations including: payment obligations accrued to the Contractor prior to and up to the termination date; defense and indemnity obligations of the Contractor for its acts or omissions through the date of termination; non-solicitation; confidentiality provisions hereof; Contractor's limitation of liability; and cooperation as to the orderly transfer and return of personal property, hardware and equipment owned by the State, if any, fixtures and data, records, and case administration efforts between the Contractor and the State. Failure on the part of the Contractor to comply with these requirements in whole or part may result in forfeiture of any remaining retainage.

Contractor acknowledges that, if it were to not perform, or threaten non-performance of its obligation to provide the State with the foregoing transition assistance, the State would be immediately and irreparably harmed and monetary compensation would not be measurable or adequate. In such circumstances, the State shall be entitled to seek such injunctive, declaratory or other equitable relief as the State deems necessary to prevent such breach or threatened breach, without the requirement of posting any bond. If the court should find that Contractor has not-performed (or attempted or threatened non-performance) hereunder, Contractor agrees that without any additional findings of irreparable injury or other conditions to injunctive or any equitable relief, Contractor will not oppose the entry of an order compelling its performance and restraining Contractor from any further non-performance (or attempted or threatened non-performance).

11. COMPLAINTS ABOUT CUSTOMER SERVICE

The Contractor will be notified by the State, upon receiving complaints about the quality of the customer service. Once notified, the Contractor will perform the defined correction procedures. Complaints will be specifically documented in the weekly, monthly and annual summary reports. If the correction procedures are not implemented within a reasonable period of time and additional complaints are received by the State, the Contractor is subject to the terms in Section 4: PERFORMANCE STANDARDS AND PAYMENT DISCOUNTS.

**ATTACHMENT C: STANDARD STATE PROVISIONS
FOR CONTRACTS AND GRANTS
REVISED JULY 1, 2016**

1. Definitions: For purposes of this Attachment, "Party" shall mean the Contractor, Grantee or Subrecipient, with whom the State of Vermont is executing this Agreement and consistent with the form of the Agreement. "Agreement" shall mean the specific contract or grant to which this form is attached.

2. Entire Agreement: This Agreement, whether in the form of a Contract, State Funded Grant, or Federally Funded Grant, represents the entire agreement between the parties on the subject matter. All prior agreements, representations, statements, negotiations, and understandings shall have no effect.

3. Governing Law, Jurisdiction and Venue; No Waiver of Jury Trial: This Agreement will be governed by the laws of the State of Vermont. Any action or proceeding brought by either the State or the Party in connection with this Agreement shall be brought and enforced in the Superior Court of the State of Vermont, Civil Division, Washington Unit. The Party irrevocably submits to the jurisdiction of this court for any action or proceeding regarding this Agreement. The Party agrees that it must first exhaust any applicable administrative remedies with respect to any cause of action that it may have against the State with regard to its performance under the Agreement.

Party agrees that the State shall not be required to submit to binding arbitration or waive its right to a jury trial.

4. Sovereign Immunity: The State reserves all immunities, defenses, rights or actions arising out of the State's sovereign status or under the Eleventh Amendment to the United States Constitution. No waiver of the State's immunities, defenses, rights or actions shall be implied or otherwise deemed to exist by reason of the State's entry into this Agreement.

5. No Employee Benefits For Party: The Party understands that the State will not provide any individual retirement benefits, group life insurance, group health and dental insurance, vacation or sick leave, workers compensation or other benefits or services available to State employees, nor will the state withhold any state or federal taxes except as required under applicable tax laws, which shall be determined in advance of execution of the Agreement. The Party understands that all tax returns required by the Internal Revenue Code and the State of Vermont, including but not limited to income, withholding, sales and use, and rooms and meals, must be filed by the Party, and information as to Agreement income will be provided by the State of Vermont to the Internal Revenue Service and the Vermont Department of Taxes.

6. Independence: The Party will act in an independent capacity and not as officers or employees of the State.

7. Defense and Indemnity: The Party shall defend the State and its officers and employees against all third party claims or suits arising in whole or in part from any act or omission of the Party or of any agent of the Party in connection with the performance of this Agreement. The State shall notify the Party in the event of any such claim or suit, and the Party shall immediately retain counsel and otherwise provide a complete defense against the entire claim or suit. The State retains the right to participate at its own expense in the defense of any claim. The State shall have the right to approve all

proposed settlements of such claims or suits. In the event the State withholds approval to settle any such claim, then the Party shall proceed with the defense of the claim but under those circumstances, the Party's indemnification obligations shall be limited to the amount of the proposed settlement initially rejected by the State.

After a final judgment or settlement the Party may request recoupment of specific defense costs and may file suit in Washington Superior Court requesting recoupment. The Party shall be entitled to recoup costs only upon a showing that such costs were entirely unrelated to the defense of any claim arising from an act or omission of the Party in connection with the performance of this Agreement.

The Party shall indemnify the State and its officers and employees in the event that the State, its officers or employees become legally obligated to pay any damages or losses arising from any act or omission of the Party or an agent of the Party in connection with the performance of this Agreement.

The Party agrees that in no event shall the terms of this Agreement nor any document required by the Party in connection with its performance under this Agreement obligate the State to defend or indemnify the Party or otherwise be liable for the expenses or reimbursement, including attorneys' fees, collection costs or other costs of the Party except to the extent awarded by a court of competent jurisdiction.

If a Single Audit is required, the Subrecipient will submit a copy of the audit report to the granting Party within 9 months. If a single audit is not required, only the Subrecipient Annual Report is required.

- D. Party also understands the State may set off taxes (and related penalties, interest and fees) due to the State of Vermont, but only if the Party has failed to make an appeal within the time allowed by law, or an appeal has been taken and finally determined and the Party has no further legal recourse to contest the amounts due.

17. Taxation of Purchases: All State purchases must be invoiced tax free. An exemption certificate will be furnished upon request with respect to otherwise taxable items.

26. 3. **Permitted and Required Uses/Disclosures of PHI.**

3.1 Except as limited in this Agreement, Business Associate may use or disclose PHI to perform Services, as specified in the underlying grant or contract with Covered Entity. The uses and disclosures of Business Associate are limited to the minimum necessary, to complete the tasks or to provide the services associated with the terms of the underlying agreement. Business Associate shall not use or disclose PHI in any manner that would constitute a violation of the Privacy Rule if used or disclosed by Covered Entity in that manner. Business Associate may not use or disclose PHI other than as permitted or required by this Agreement or as Required by Law.

3.2 Business Associate may make PHI available to its employees who need access to perform Services provided that Business Associate makes such employees aware of the use and disclosure restrictions in this Agreement and binds them to comply with such restrictions. Business Associate may only disclose PHI for the purposes authorized by this Agreement: (a) to its agents and Subcontractors in accordance with Sections 9 and 17 or, (b) as otherwise permitted by Section 3.

3.3 Business Associate shall be directly liable under HIPAA for impermissible uses and disclosures of the PHI it handles on behalf of Covered Entity, and for impermissible uses and disclosures, by Business Associate's Subcontractor(s), of the PHI that Business Associate handles on behalf of Covered Entity and that it passes on to Subcontractors.

4. **Business Activities.** Business Associate may use PHI received in its capacity as a Business Associate to Covered Entity if necessary for Business Associate's proper management and administration or to carry out its legal responsibilities. Business Associate may disclose PHI received in its capacity as Business Associate to Covered Entity for Business Associate's proper management and administration or to carry out its legal responsibilities if a disclosure is Required by Law or if Business Associate obtains reasonable written assurances via a written agreement from the person to whom the information is to be disclosed that the PHI shall remain confidential and be used or further disclosed only as Required by Law or for the purpose for which it was disclosed to the person, and the Agreement requires the person or entity to notify Business Associate, within two (2) business days (who in turn will notify Covered Entity within two (2) business days after receiving notice of a Breach as specified in Section 6.1), in writing of any Breach of Unsecured PHI of which it is aware. Uses and disclosures of PHI for the purposes identified in Section 3 must be of the minimum amount of PHI necessary to accomplish such purposes.

5. **Safeguards.** Business Associate, its Agent(s) and Subcontractor(s) shall implement and use appropriate safeguards to prevent the use or disclosure of PHI other than as provided for by this Agreement. Business Associate or its Agent(s) and Subcontractor(s) shall identify in writing upon request from Covered Entity all of the safeguards that it uses to prevent impermissible uses or disclosures of PHI.

6. Documenting and Reporting Breaches.

6.1 Business Associate shall report to Covered Entity any Breach of Unsecured PHI, including Breaches reported to it by a Subcontractor, as soon as it (or any of its employees or agents) becomes aware of any such Breach, and in no case later than two (2) business days after it (or any of its employees or agents) becomes aware of the Breach, except when a law enforcement official determines that a notification would impede a criminal investigation or cause damage to national security.

6.2 Business Associate shall provide Covered Entity with the names of the individuals whose Unsecured PHI has been, or is reasonably believed to have been, the subject of the Breach and any other available information that is required to be given to the affected individuals, as set forth in 45 CFR § 164.404(c), and, if requested by Covered Entity, information necessary for Covered Entity to investigate the impermissible use or disclosure. Business Associate shall continue to provide to Covered Entity information concerning the Breach as it becomes available to it. Business Associate shall require its Subcontractor(s) to agree to these same terms and conditions.

6.3 When Business Associate determines that an impermissible acquisition, use or disclosure of PHI by a member of its workforce is not a Breach, as that term is defined in 45 CFR § 164.402, and therefore does not necessitate notice to the impacted individual(s), it shall document its assessment of risk, conducted as set forth in 45 CFR § 402(2). When requested by Covered Entity, Business Associate shall make its risk assessments available to Covered Entity. It shall also provide Covered Entity with 1) the name of the person(s) making the assessment, 2) a brief summary of the facts, and 3) a brief statement of the reasons supporting the determination of low probability that the PHI had been compromised. When a breach is the responsibility of a member of its Subcontractor's workforce, Business Associate shall either 1) conduct its own risk assessment and draft a summary of the event and assessment or 2) require its Subcontractor to conduct the assessment and draft a summary of the event. In either case, Business Associate shall make these assessments and reports available to Covered Entity.

6.4 Business Associate shall require, by contract, a Subcontractor to report to Business Associate and Covered Entity any Breach of which the Subcontractor becomes aware, no later than two (2) business days after becomes aware of the Breach.

7. Mitigation and Corrective Action. Business Associate shall mitigate, to the extent practicable, any harmful effect that is known to it of an impermissible use or disclosure of PHI, even if the impermissible use or disclosure does not constitute a Breach. Business Associate shall draft and carry out a plan of corrective action to address any incident of impermissible use or disclosure of PHI. If requested by Covered Entity, Business Associate shall make its mitigation and corrective action plans available to Covered Entity. Business Associate shall require a Subcontractor to agree to these same terms and conditions.

8. Providing Notice of Breaches.

8.1 If Covered Entity determines that an impermissible acquisition, access, use or disclosure of PHI for which one of Business Associate's employees or agents was responsible constitutes a Breach as defined in 45 CFR § 164.402, and if requested by Covered Entity, Business Associate shall provide notice to the individual(s) whose PHI has been the subject of the Breach. When requested to provide notice, Business Associate shall consult with Covered Entity about the timeliness, content and method of notice, and shall receive Covered Entity's approval concerning these elements. The cost of notice and related remedies shall be borne by Business Associate.

8.2 If Covered Entity or Business Associate determines that an impermissible acquisition, access, use or disclosure of PHI by a Subcontractor of Business Associate constitutes a Breach as defined in 45 CFR § 164.402, and if requested by Covered Entity or Business Associate, Subcontractor shall provide notice to the individual(s) whose PHI has been the subject of the Breach. When Covered Entity requests that Business Associate or its Subcontractor provide notice, Business Associate shall either 1) consult with Covered Entity about the specifics of the notice as set forth in section 8.1, above, or 2) require, by contract, its Subcontractor to consult with Covered Entity about the specifics of the notice as set forth in section 8.1

8.3 The notice to affected individuals shall be provided as soon as reasonably possible and in no case later than 60 calendar days after Business Associate reported the Breach to Covered Entity.

8.4 The notice to affected individuals shall be written in plain language and shall include, to the extent possible, 1) a brief description of what happened, 2) a description of the types of Unsecured PHI that were involved in the Breach, 3) any steps individuals can take to protect themselves from potential harm resulting from the Breach, 4) a brief description of what the Business Associate is doing to investigate the Breach, to mitigate harm to individuals and to protect against further Breaches, and 5) contact procedures for individuals to ask questions or obtain additional information, as set forth in 45 CFR § 164.404(c).

8.5 Business Associate shall notify individuals of Breaches as specified in 45 CFR § 164.404(d) (methods of individual notice). In addition, when a Breach involves more than 500 residents of Vermont, Business Associate shall, if requested by Covered Entity, notify prominent media outlets serving Vermont, following the requirements set forth in 45 CFR § 164.406.

9. Agreements with Subcontractors. Business Associate shall enter into a Business Associate Agreement with any Subcontractor to whom it provides PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity in which the Subcontractor agrees to the same restrictions and conditions that apply through this Agreement to Business Associate with respect to such PHI. Business Associate must enter into this Business Associate Agreement before any use by or disclosure of PHI to such agent. The written agreement must identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the agreement concerning the use or disclosure of PHI. Business Associate shall provide a copy of the Business Associate Agreement it enters into with a subcontractor to Covered Entity upon request. Business

associate may not make any disclosure of PHI to any Subcontractor without prior written consent of Covered Entity.

10. Access to PHI. Business Associate shall provide access to PHI in a Designated Record Set to Covered Entity or as directed by Covered Entity to an Individual to meet the requirements under 45 CFR § 164.524. Business Associate shall provide such access in the time and manner reasonably designated by Covered Entity. Within three (3) business days, Business Associate shall forward to Covered Entity for handling any request for access to PHI that Business Associate directly receives from an Individual.

11. Amendment of PHI. Business Associate shall make any amendments to PHI in a Designated Record Set that Covered Entity directs or agrees to pursuant to 45 CFR § 164.526, whether at the request of Covered Entity or an Individual. Business Associate shall make such amendments in the time and manner reasonably designated by Covered Entity. Within three (3) business days, Business Associate shall forward to Covered Entity for handling any request for amendment to PHI that Business Associate directly receives from an Individual.

12. Accounting of Disclosures. Business Associate shall document disclosures of PHI and all information related to such disclosures as would be required for Covered Entity to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 CFR § 164.528. Business Associate shall provide such information to Covered Entity or as directed by Covered Entity to an Individual, to permit Covered Entity to respond to an accounting request. Business Associate shall provide such information in the time and manner reasonably designated by Covered Entity. Within three (3) business days, Business Associate shall forward to Covered Entity for handling any accounting request that Business Associate directly receives from an Individual.

13. Books and Records. Subject to the attorney-client and other applicable legal privileges, Business Associate shall make its internal practices, books, and records (including policies and procedures and PHI) relating to the use and disclosure of PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity available to the Secretary in the time and manner designated by the Secretary. Business Associate shall make the same information available to Covered Entity, upon Covered Entity's request, in the time and manner reasonably designated by Covered Entity so that Covered Entity may determine whether Business Associate is in compliance with this Agreement.

14. Termination.

14.1 This Agreement commences on the Effective Date and shall remain in effect until terminated by Covered Entity or until all of the PHI provided by Covered Entity to Business Associate or created or received by Business Associate on behalf of Covered Entity is destroyed or returned to Covered Entity subject to Section 18.8.

14.2 If Business Associate breaches any material term of this Agreement, Covered Entity may either: (a) provide an opportunity for Business Associate to cure the breach and Covered Entity may terminate the contract or grant without liability or penalty if Business Associate does not cure the breach within the time specified by Covered Entity; or (b) immediately terminate the contract or grant without liability or penalty if Covered Entity believes that cure is not reasonably possible; or (c) if neither termination nor cure are feasible, Covered Entity

shall report the breach to the Secretary. Covered Entity has the right to seek to cure any breach by Business Associate and this right, regardless of whether Covered Entity cures such breach, does not lessen any right or remedy available to Covered Entity at law, in equity, or under the contract or grant, nor does it lessen Business Associate's responsibility for such breach or its duty to cure such breach.

15. Return/Destruction of PHI.

15.1 Business Associate in connection with the expiration or termination of the contract or grant shall return or destroy, at the discretion of the Covered Entity, all PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity pursuant to this contract or grant that Business Associate still maintains in any form or medium (including electronic) within thirty (30) days after such expiration or termination. Business Associate shall not retain any copies of the PHI. Business Associate shall certify in writing for Covered Entity (1) when all PHI has been returned or destroyed and (2) that Business Associate does not continue to maintain any PHI. Business Associate is to provide this certification during this thirty (30) day period.

15.2 Business Associate shall provide to Covered Entity notification of any conditions that Business Associate believes make the return or destruction of PHI infeasible. If Covered Entity agrees that return or destruction is infeasible, Business Associate shall extend the protections of this Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible for so long as Business Associate maintains such PHI. This shall also apply to all Agents and Subcontractors of Business Associate.

16. Penalties and Training. Business Associate understands that: (a) there may be civil or criminal penalties for misuse or misappropriation of PHI and (b) violations of this Agreement may result in notification by Covered Entity to law enforcement officials and regulatory, accreditation, and licensure organizations. If requested by Covered Entity, Business Associate shall participate in training regarding the use, confidentiality, and security of PHI.

17. Security Rule Obligations. The following provisions of this section apply to the extent that Business Associate creates, receives, maintains or transmits Electronic PHI on behalf of Covered Entity.

17.1 Business Associate shall implement and use administrative, physical, and technical safeguards in compliance with 45 CFR sections 164.308, 164.310, and 164.312 with respect to the Electronic PHI that it creates, receives, maintains or transmits on behalf of Covered Entity. Business Associate shall identify in writing upon request from Covered Entity all of the safeguards that it uses to protect such Electronic PHI.

17.2 Business Associate shall ensure that any Agent and Subcontractor to whom it provides Electronic PHI agrees in a written agreement to implement and use administrative, physical, and technical safeguards that reasonably and appropriately protect the Confidentiality, Integrity and Availability of the Electronic PHI. Business Associate must enter into this written agreement before any use or disclosure of Electronic PHI by such Agent or Subcontractor. The written agreement must identify Covered Entity as a direct and intended third party beneficiary

with the right to enforce any breach of the agreement concerning the use or disclosure of Electronic PHI. Business Associate shall provide a copy of the written agreement to Covered Entity upon request. Business Associate may not make any disclosure of Electronic PHI to any Agent or Subcontractor without the prior written consent of Covered Entity.

17.3 Business Associate shall report in writing to Covered Entity any Security Incident pertaining to such Electronic PHI (whether involving Business Associate or an Agent or Subcontractor). Business Associate shall provide this written report as soon as it becomes aware of any such Security Incident, and in no case later than two (2) business days after it becomes aware of the incident. Business Associate shall provide Covered Entity with the information necessary for Covered Entity to investigate any such Security Incident.

17.4 Business Associate shall comply with any reasonable policies and procedures Covered Entity implements to obtain compliance under the Security Rule.

18. Miscellaneous.

18.1 In the event of any conflict or inconsistency between the terms of this Agreement and the terms of the contract/grant, the terms of this Agreement shall govern with respect to its subject matter. Otherwise, the terms of the contract/grant continue in effect.

18.2 Business Associate shall cooperate with Covered Entity to amend this Agreement from time to time as is necessary for Covered Entity to comply with the Privacy Rule, the Security Rule, or any other standards promulgated under HIPAA.

18.3 Any ambiguity in this Agreement shall be resolved to permit Covered Entity to comply with the Privacy Rule, Security Rule, or any other standards promulgated under HIPAA.

18.4 In addition to applicable Vermont law, the parties shall rely on applicable federal law (e.g., HIPAA, the Privacy Rule and Security Rule, and the HIPAA omnibus final rule) in construing the meaning and effect of this Agreement.

18.5 As between Business Associate and Covered Entity, Covered Entity owns all PHI provided by Covered Entity to Business Associate or created or received by Business Associate on behalf of Covered Entity.

18.6 Business Associate shall abide by the terms and conditions of this Agreement with respect to all PHI it receives from Covered Entity or creates or receives on behalf of Covered Entity even if some of that information relates to specific services for which Business Associate may not be a "Business Associate" of Covered Entity under the Privacy Rule.

18.7 Business Associate is prohibited from directly or indirectly receiving any remuneration in exchange for an individual's PHI. Business Associate will refrain from marketing activities that would violate HIPAA, including specifically Section 13406 of the HITECH Act. Reports or data containing the PHI may not be sold without Agency's or the affected individual's written consent.

18.8 The provisions of this Agreement that by their terms encompass continuing rights or responsibilities shall survive the expiration or termination of this Agreement. For example: (a) the provisions of this Agreement shall continue to apply if Covered Entity determines that it would be infeasible for Business Associate to return or destroy PHI as provided in Section 14.2 and (b) the obligation of Business Associate to provide an accounting of disclosures as set forth in Section 11 survives the expiration or termination of this Agreement with respect to accounting requests, if any, made after such expiration or termination.
